other people's thoughts and our own ideas and makes those connections explicit. The premise of Clean Language is that such conscious analysis of metaphors helps understand other people better.

Clean Language: Revealing Metaphors and Opening Minds ...

While the 'Clean' approach will be instantly valuable to therapists and coaches, Clean Language: Revealing Metaphors and Opening Minds also shows how it can be taken into conversations between parent and child, teacher and pupil, manager and staff, doctor and patient, researcher and subject; into team meetings, organisational development and in many other areas. Along the way the reader is made aware of how their own assumptions and intentions influence the systems in which they live ...

As a complete approach, Clean Language can be combined with the metaphors a person uses, creating a bridge between their conscious and unconscious minds. This can become a profound personal exploration: a route to deeper understanding of themselves, to transcending limiting beliefs and behaviours, and to resolution and healing.

Clean Language Revealing Metaphors And Opening Minds [EPUB]

Clean language is a technique primarily used in counseling, psychotherapy and coaching but now also used in education, business, organisational change and health. It has been applied as a research interview technique called clean language interviewing. Clean language aims to support clients in discovering and developing their own symbols and metaphors, rather than the therapist/coach/interviewer suggesting or contributing their own framing of a topic. In other words, instead of "supporting" the
