Read PDF Statistical Methods For Dynamic Treatment Regimes Reinforcement

Dynamic Treatment Regimes: Statistical Methods for Precision Medicine provides a comprehensive introduction to statistical methodology for evaluation and discovery of dynamic treatment regimes from data.

Methodological developments in this area are scattered across a vast, diverse literature, making this topic difficult to approach. This book addresses this challenge by presenting foundational material in this area in a unified way, offering researchers and graduate students in statistics ...

Review of the Book Statistical Methods for Dynamic ...

proach for identification of dynamic treatment effects in the presence of dynamic selection, noncompliance, and right-censoring. Our method is fully nonparametric, and we do not impose independence of observed and unobserved characteristics or separability in their effects on the outcome. We propose estimation procedures and derive their asymptotic

Dynamic Treatment Regimes: Statistical Methods for ...

Value maximization methods are based on forming an estimator of $V(d) = E d Y$ and then directly maximizing this estimator over d in some class of DTRs, say D . Value maximization methods include outcome weighted learning [9, 14], augmented value maximization [10, 12, 13], and structural mean models . We give a
