THE DRUM HANDBOOK - BUYING MAINTAINING AND GETTING THE BEST FROM YOUR DRUM KIT SFT

The modern drum-kit has come a long way in the 110 years that have elapsed since it evolved in 1901 in the bars and brothels of New Orleans – but the principles remain the same. The biggest improvement has been the introduction of better engineering and sturdier hardware – all of which needs constant maintenance. Drum Kit Manual is the latest addition to the expanding list of Haynes Manuals about musical instruments, and it covers the subject in exhaustive detail with step-by-step instructions and clear colour photographs.

The author concentrate on giving instructional methods of learning to play the drum for various levels. This book is an indispensable and comprehensive PACKAGE that will guide both the instructor and student eloquently from a "new to the sticks"; beginner to a fully qualified mid-intermediate player.
